# IDENTIFICATION AND ELIGIBILITY

Enfield Public Schools screens preschool children aged 3 through 5 in the area(s) of suspected disability. Upon completion of the screening a member of our team will explain the results to the child's parents/guardian. If the screening results indicate the child is having difficulty in one or more areas, a Planning and Placement Team (PPT) will be scheduled to refer the student for a special education evaluation in the areas of suspected disability.

## Community Outreach

If a community services provider has questions with regard to identification of a disability or with regard to child development, early childhood specialists are available for consultations.

Please contact Julie Carroll,  
Director of Pupil Services  
at 860-253-6519 for more information.
