DATE: March 26, 2014
TO: Mayor Kaupin, Town Council Members & Town Manager Coppler
FROM: Chairman Sirard, Board of Education Members & Superintendent Schumann,
SUBJECT: Board of Education Proposed 2014–2015 Spending Plan Presentation

We thank the Mayor and the Council for the time you dedicated to meeting with the Board to discuss the 2014-2015 proposed spending plan. We appreciate the magnitude of your collective charge in determining the overall town budget and will be available to you to provide any assistance you may desire.

As requested by Mayor Kaupin at the conclusion of the Board's presentation on Monday, March 24, 2014, the Board is pleased to provide the Council with a copy of the presentation slides. The chronology slide, which was presented line by line, is attached as a one-page document followed by the other slides in the presentation.

Please note on the chronology page, the 2013-2014 "Total Town Council Appropriation" was **\$64,980,311**. This represents the total financial resources the Board received from the Council to operate the school district.

The 2014-2015 "Town Manager's Proposed Appropriation" is listed at **\$64,915,653**. This is a reduction of **\$64,658** in financial resources from the 2013-2014 Council Appropriation.

Given the terms of the five collective bargaining agreements, increased costs in special education and transportation, and the underfunded state and federal mandates it is difficult for the Board to envision operating the district, with the current level of quality programs and services next year with less financial resources than the current year. Especially, considering the Board is facing a significant increase in funding demands.

The Board realizes the Council has many difficult decisions to make during the upcoming weeks. Please know we are available to work with you at anytime to ensure we continue to provide excellent service to the students and families of Enfield through a fiscally responsible and efficient spending plan.

2013-2014 Budget Development Chronology

2012-2013 Board of Education Budget	\$	63,141,355
