

Preschool & Head Start

Children entering after age 3 but before age 5

Health Assessment:

Physical exam must be submitted prior to attending. Exams done after September 1st of preceding school year, (i.e., for the 2013/2014 school year, the exam must be done after 9/1/12).

Results of this exam must be recorded on a State of Connecticut yellow or blue Health Assessment Form.

TB Screening:

As part of the health assessment, the student is screened for TB risks. If low risk, it must be recorded as low risk on the health assessment form. If the student is a high risk for TB, then the results of a mantoux test must be recorded on the health assessment form.

Immunizations:

DTaP:	4 doses
Polio:	3 doses
MMR:	1 dose <u>on or after</u> the 1st birthday
Hep B:	3 doses, last one on or after 24 weeks of age
Varicella:	1 dose <u>on or after</u> the 1 st birthday or verification of disease
Hib:	1 dose <u>on or after</u> the 1 st birthday
Pneumococcal:	1 dose on after the 1 st birthday
Influenza:	1 dose administered each year between August 1-December 31 st (2 doses separated by 28 days required for those receiving flu for the 1 st time)
Hepatitis A:	2 doses given 6 months apart, 1 st dose after the 1 st birthday

Medication (continued)

Any medication remaining **must** be picked up by a parent or other responsible adult by the last day of school or within one week of when a medication is discontinued.

Students are permitted to carry on their person and self medicate with asthma inhalers and epi-pens provided the appropriate medication authorization forms are on file in the nurse's office.

Students may self administer insulin through Injection or insulin pump provided the appropriate medication authorization forms are on file in the nurse's office.
